

DRAEGER PARAT 3200

DRAEGER PARAT 3200 ESCAPE DEVICE

The Dräger PARAT® 3200 is an escape device with mouthpiece / nose clip and ABEK15 multi-gas filter. Thanks to the robust and ergonomic case, it is a compact and easy to transport device. It is approved under the only recognized standard for escape devices for industrial environments (DIN 58647-7) and guarantees a minimum escape time of 15 minutes.
