

## WASH 4 CLEANING MACHINE

The Wash4 has been specially developed for the safe and fast cleaning of 4 breathing apparatus including cylinders. The Wash4 comes with a stainless steel frame with a holder suitable for 4 SCBA's including cylinders. The SCBA's are placed onto the holder, after which the frame is pushed back into the machine by means of stainless steel roller guides.

### Optional

It is also possible to purchase 2 pieces of stainless steel wire baskets or 1 special frame for the Wash4 so you can clean up to 18 pieces of breathing air masks.
